Nina Limbrick

Junior Front End Developer.
Nottingham, UK.

Professional Exp.

adtrak

2017 - Present
Adtrak Media Ltd - Junior Front End Developer

Large agency with a focus on SME markets and lead generation. The use of Wordpress CMS along with theme development to provide performance driven websites. Ability to deliver interactive and engaging pieces for content marketing. From mockup designs to fully coded websites. Exposure to multiple production environments, incl. local and testing servers.

Ashland Media

2015 - 2017
Ashland Developments Ltd - Junior Web Designer

Small start-up company. From one-page websites to eCommerce builds with over 700 products and everything in between. Account ownership and strong client relations. During my time here, I gained the knowledge of coding, SQL databases and DNS. Cross-functional team and a knowledge sharing culture.
